Jesus the Game Changer Season 1 and 2, from Olive Tree Media, are video-based Bible study series that help Christians understand the impact that Jesus has had on the world, and how He might impact their lives. The two series provide snapshots of times and places where the gospel has had a tremendous impact – pieces of a whole that is too enormous to tell in just one series! They show when, where and how we see the hand of God bringing the power of Jesus to Western culture, and to the ends of the earth, all told through interviews with authors, historians and academics from around the world. Each season is accompanied by a Bible study discussion guide (available in print or via a free app) to help small groups or individuals engage with the content, relate it to Bible passages, and reflect on how Jesus might be a game changer for them.
